COOKIE POLICY

Monitoring according to the browser application

T.C.R. International Ltd's website uses cookies (small text files that are placed to your devices) and similar technologies for web location, e-services and data collection purposes. This website can install and access certain cookies on your computer. Cookies identify your devices in a unique way, but they may also provide other information. T.C.R. International Ltd has carefully selected these cookies, which do not have access to your computer's documents and files and has taken steps to ensure that your personal data is as protected as possible.

Use of cookies and similar technologies

Cookies and similar technologies are used for various purposes, such as:

- Saving of your preferences and settings: Your device may save settings that allow our programs to work properly or maintain your preferences over time. We save preferences, such as your contact language, address, etc., so you do not have to import them every time you return to the website. If you choose to be excluded from interest-based promotions, we will save your preference to be excluded in a cookie on your device.
- Safety: We use cookies to detect frauds and possible abuse of our website and our services.
- Saving of the information you provide to a website: When you provide information on the website, we store the data in a cookie to improve your browsing.
- Social media: Our website may include cookies through social media, including those that allow the users who connect to the service of the social media, to share the content through this service.
- Comments: We use cookies that allow you to comment on a website.
- Interest-based promotions: cookies are used to collect data about your website activity and identify your interests, in order to provide you with offers and privileges that interest you. You can be excluded from receiving interest-based promotions at any time.
- Analysis: In order to evaluate our products and services, we use cookies and other identifiers to collect usage and performance data, such as, for example, to count the number of unique visitors to our website and to develop statistical data. This includes cookies from the Website Owner and other associated companies, as well as third-party analysis service providers.
- Performance: we use cookies to balance the load, in order to ensure the correct and continuous operation of the websites.

Cookies

Upon visiting our website, a message will appear asking for your consent in order to keep the cookies used active. By giving your consent to the placement of cookies, you allow T.C.R. International Ltd and its associated companies to provide you with better experiences and services. If you wish, you may reject the installation of cookies from that moment on. However, certain features of the website may not fully work or work as intended.

This website may install the following generic cookie types:

COOKIE TYPE	PURPOSE
Highly Essential Cookies	These are cookies required for the operation of our Website. They might include, for example, cookies that allow you to connect to secure pages on our website, use a shopping cart or use services that are exclusively for members.
Analysis/Performance Cookies	Allows us to identify and count the number of visitors and observe how they navigate on our Website when using it. This helps us improve the way our Website works, for example, by ensuring that users find easily what they are looking for.
Functionality cookies	These are used to recognize you when you return to our website. This allows us to personalize our content, to welcome you with your name and to remember your preferences (for example, your language or area selection).
Targeting cookies	These cookies record your visit to our website, the pages you have visited, and the links you have followed. We will use this information to customize our website and the ads that appear to it with your interests. For this purpose, we may also share this information with third parties.

_twq	Information Tracking cookie

Controlling cookies:

Most browsing applications accept cookies automatically but at the same time provide control options that allow you to block or delete them. Through your device's settings, you have the ability to receive a warning about the use of cookies on specific services, or even not to accept cookies.

Some features of the services provided through the website, depend on cookies. If you choose to block the cookies, you may lose the ability to sign in or use some of these services as well as your preferences which rely on cookies.

Monitoring Protection: By using Internet Browser Options that exclude the content of third-parties, including cookies from any website, you limit the information that the specific third-party websites can collect from you.

You can enable or disable cookies on your web browser application. Most Internet browser applications accept cookies by default, but this can be adjusted. For more details, please consult the Help section of your web browser application.

You can choose to delete cookies at any time. However, you may lose any information that allows you to have quicker and more effective access to the website, including, but not limited to, personalization settings.

It is recommended that you make sure that your internet browser application is updated and consult its help section and instructions provided by your internet browser application developer if you are not sure how to customize your privacy settings.
